30 DAY'S

Of Creativity & Wonder

I believe that everyone is creative. Yes, even you!

I'd love to invite you to join us as we add a bit of light and beauty into the world. It doesn't matter if you use pencil, pens, crayons, paint, photography, poetry, songs, digital art or any other medium. The whole point is to be creative and let yourself imagine, feel, dream and wonder. Don't discount your ability because someone seems to be "better" than you. The point is not perfection; the point is to CREATE. The point is to release creative energy and beauty into the world. So save & print out the list, and join in. Create something, be vulnerable and brave; and share it.

RULES

- 
1. Have Fun
 2. No Judgment
 3. Dream
 4. Imagine
 5. Wonder
 6. Go For It
 7. Have Fun
 8. Share Your Art

There is something incredible that happens when you create and then share that creativity with the world. You connect with inspiration & beauty, and release that into the world and into your life. Try it for a month and see how creativity impacts your life and the world around you.

Patti ☺
